THE SILVER SHADOW DIFFERENCE

Both veterinarians and pet owners have seen remarkable health benefits from the use of CBD oil in animals. Studies have shown that cannabinoids have anti-inflammatory effects and can help with arthritis and joint pain, digestive issues and skin disorders. It can also help animals with behavioral issues, such as separation and social anxiety as well as aggression. Silver Shadow offers a line specially developed for pets so they can also enjoy the same benefits as the rest of the family.

Available in stock containers or custom containers upon request. We can help with everything from custom formulation, to label and package design.

LABEL AND PACKAGING DESIGN

If you are looking for a reliable and experienced designer to create labels and packaging for your CBD product, then you have come to the right place! We specialize in designing labels and packaging that fit your brand perfectly. With our expertise, you will be assured that you will be 100% satisfied with the design before moving to the printing stage. We will work closely with you, ensuring all your needs and expectations are met while creating a look that stands out on the shelves.

LABEL VARIANT

A label variant is when you already have a design and working files that our design team can use to create variations of your design for different products.

LABEL TEMPLATE

Choose from our collection of pre made label designs to use for your products.

CUSTOM DESIGN

Work with one of our skilled graphic designers to create a custom label design that fits your unique brand.
